

## Environmental Policy

IGA Tech is committed to protecting the local and global environment of Earth.

IGATech, through its services and collaborations, is actively involved in research projects pursuing the protection of biodiversity on Earth and on Water and to improve the sustainability of Agriculture. IGATech is therefore committed to the Sustainable Development Goals for Climate Action (13), Life Below Water (14) and Life on Land (15) <https://sustainabledevelopment.un.org/>.

In addition, to minimize the impact of activities, products, and services, IGATech is committed to:

- Comply with legal and technical requirements relating to environmental aspects.
- Take environmental issues into account in all corporate strategies and initiatives.
- Ensure that environmental protection is firmly integrated into the culture of the company and all employees.
- Influence its suppliers and customers to have a similar environmental policy.
- Prevent pollution, reduce waste and minimize resource consumption.
- Consider the wider global impact of all activities, including those of customers, suppliers and other stakeholders.
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that the continuous professional development strategy remains core to the business goal.

Referring to the specific activities of IGATech, the following procedures are already implemented:

- Minimize paper usage through digitization.
- Reduction of chemical waste through the adoption of small-scale reactions and, in the technological development of the company, through the purchase of equipment that requires less and less use of chemical reagents.
- Most interactions with Clients are made by teleconferences and business travels are reserved for the most important meetings.
- Unboxing waste is separated for recycling.
- Cooling packs are reused for outbound shipments.
- IT infrastructure on dismissal is sold/given for second-hand utilization.
- Natural lighting is exploited at the most.
- Heating is turned on only in working hours.

Udine, 2020 March 5<sup>th</sup>

Federica Cattonaro  
*Chief Executive Officer*

A handwritten signature in black ink, appearing to read 'Federica Cattonaro', written in a cursive style.
